Introduction

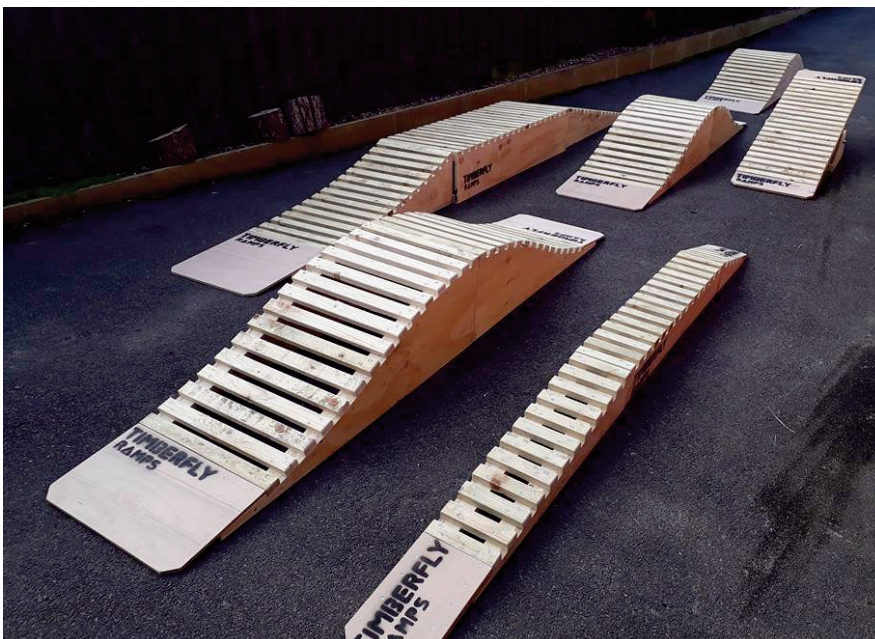

Nick Piper - MTBG Chairman

LJS Skills Area

In 2018 and beyond there is an opportunity for the club to be involved in developing a skills facility at Laurence Jackson School.

Updates:

- School has applied to Section 406 fund for 30K to build skills area
- Club has successfully won £1000 small grant from Klondike fund to purchase timber mtb ramps. Added approx £300 of club money to complete set.

- Plans to hire or purchase a shipping container for storage

Club kit

New club kit is currently in development. This is being designed by Mark (Get Noticed Branding) and will be manufactured by Endura. An online shop will be available for an order window where members can order and pay for their own kit.

Bike Scene will kindly be sponsoring the kit once again, which will allow us to give a 15% discount off the cost. Adult enduro jerseys are likely to cost around £39, under 12's jerseys will be around £30. There is also a women's specific range too, including enduro jerseys!

Turnaround for production is currently 7 weeks, so we are hoping to get this up and running in the next couple of weeks, ready for summer delivery.

Initial design proof;

Introduction By Nick Piper (Chairman)

Introductions around the room

LJS Skills Area

Nick spoke about new skills ramps purchased by the club, with funding from the Klondike race. He discussed then need for somewhere to store the ramps, as they need to be kept dry. A vote to hire or purchase a container was passed with all in favour.

Chris Rudd said he possibly had a contact for a container, as did Andrew Samanjoul.

Lois Fife asked about insurance, to cover vandalism or theft. This needs to be investigated further.

Club Kit

Dan Pattinson introduced new design for the club kit. Designed by Mark Bland, and to be produced by Endura. See report for further info.

Membership

Dan Pattinson went over current membership figures (see report). Nick suggested we need to get more of our junior rider signed up as club members. It was also suggested to use membership cards as rider information cards, to help breed a membership culture.

Treasurers Report

Lois Fife went through current figures (see report). Tom Downie asked why we have so much capital in bank, could we not use it. Lois explained that some is due to come out to pay for the new skills ramps, but also we need some in reserve for training new and ongoing leaders/coaches.

Racing

Nick shared the previous seasons successes, and congratulated everyone who had been involved (see report).

Events

Nick covered the planned events for the year. (see report)

Minutes of Meeting

Coaching & Guiding

Nick went over what the club delivered in 2017, and plans for 2018. (see report)

For adult riders it was agreed that we needed to continue the ladies coaching in particular. It was suggested that we should look into alternative booking systems, as last year some rides were fully booked, but on the day not everyone arrived.

The cost of coaching was also discussed. It was felt that often we were pricing ourselves too cheap, and riders from out of the area were becoming members, and paying for the coaching. This was still cheaper than coaching offered elsewhere.

For the summer skills sessions the club will be using Mark Grange this year, as Karen is not available.

A BMX coaching session was suggested, as a skills builder for junior riders. To be looked into.

Adoption Of Committee Positions

Chair – Nick nominated by Dan, 2nd by Lois, all in favour

Treasurer – Lois nominated by Nick, 2nd by Kate, all in favour

Secretary – Dan nominated by Nick, 2nd by Mark, all in favour

Welfare Officer – Kate nominated by Dan, 2nd by John, all in favour

Other Items

Chris Rudd and Tom Downie interested in coming along to committee meetings to have some input. Nick welcomed idea, and going forward any committee meetings to be communicated to members, should they wish to attend. Meeting notes should also be made available so members can see what is happening, and again have input where desired. A junior representative should also be appointed to attend meetings, along with a supporting adult. The actual role to be investigated and worked up, then offered to interested parties.

Andrew Samanjoul pointed out that there is a young volunteers award running in October 18, for juniors looking to progress volunteering skills.

The old MTB Guisborough Ning social site was finally discussed. The site gets very little use now, as more and more people are using Facebook. Therefore a vote was passed with all in favour to close the site. Mark said it was the right thing to do, but noted that it was a sad time as essentially the club was born from the Ning social site. RIP.
